DWELLING LIVE - ACCESS CONTROL SYSTEM

Vaquero HOA Members,

As you know, the Vaquero HOA is updating the access system for the community. A major part of that upgrade will be to the system that will allow you to enter Vaquero thru the "Residents Lane". This new system will only read toll tags and the transponders currently in use will be deactivated once everything is on-line. To minimize disruption in your ability to come through the gates the HOA needs to have information on all of the vehicles currently housed at your residence. This information includes toll tag data if applicable.

The Toll Tag number is available on the actual Toll Tag (example: DNT.123456), visible from the inside of the windshield. An easy way to read the number may be to take a picture of it with your cell phone.

This number is also listed on your account information which can be found on the NTTA website, www.ntta.org.

Please complete the form below for all vehicles housed at your address (even if they do not have a toll tag).

You should return the completed form to Steve Barnett at hoa@vaqueroclub.com or drop it off at the Main Gate.

Name	
Address	

Year	Make	Model	Color	License	State	Toll Tag

If you have any questions, please feel free to contact Vaquero HOA Manager Steve Barnett in the HOA office at 817.379.3000 or by email at hoa@vaqueroclub.com.

Thank you for your ongoing support.

Steve Barnett, Vaquero Community Manager
